- Load heavy low, obvious you think. But you should always remember this, store your load in a clever way and you will have less back problems and the vehicle will act much better and be safer on the road.
- If you have bulky packages on the floor make sure to use proper straps to retain them! It can save your life!!
- Remember that System Edström is only a tool for good order and safety in your vehicle, at the end of the day it is up to you how effective this tool will function in your every day life.
- When you equip your vehicle with the tools and spare parts you'll need, remember to PUT the items in place. If you just throw in place you can damage tools, parts and the interior.
